Re: Lisbon Locker/Concession Facility

To whom it may concern:

I am pleased to offer this letter of recommendation on behalf of Mr. William O'Brien and Declan Construction General Contractors. I have worked very closely with Mr. O'Brien on the Lisbon Locker Room Facility this past summer. The project included a limited budget and a condensed time frame for project delivery. Declan Construction provided commendable service toward the successful completion of this project.

In closing, I would recommend Declan Construction without any reservation and would be pleased to discuss with others my experiences working with Mr. O'Brien.

Sincerely,

Jay A. Crafton, AIA
